How are the new structures working?

Structured Classes are a Hit!

The students have been telling us that they are very happy with the structured classes in the core courses (teachers have said the same), and we are hoping this will continue to improve success for all of our students!

Guidance Processes have Begun!

Ms. Floyd has begun her training on the multiple systems and has been able to meet with some students already during her first week! Her current focus is on credit review and verification for our seniors so that we get no surprises prior to graduation.

If you would like to speak with Ms. Floyd, please email her at afloyd@chesteruplandsd.org.

Varsity Tutors are On Board!

The varsity tutors contract to support our Special Education students has begun, and this week all students were given access to the system and able to complete preliminary assessments. Tutoring sessions, both individual and small group, will begin next week!

Reminder to please encourage your students to consider the academic events found on page 3 - deadlines are approaching!
