Interventions and Tutoring

KICKOFF REPORT

Greetings Parents, Students, and Staff!

We are thrilled to report that both the Intervention Program and the Afterschool Tutoring Program were successful in their first full week of operation!

On the intervention side, our students logged just over 100 hours in reading skill development and just under 150 hours in math skill development in our first full week of the program. We hope to see that trend continue upward and are excited about the growth we expect in the second benchmark administration in January.

The tutoring side was a little slower to start, with students only requesting tutoring in math the first week, but this week, students took advantage of the opportunity with all three teachers: Ms. Barnes, Mr. Ballenger, and Ms. Salim.

We are grateful to these teachers for offering their time after school; please encourage your student(s) to sign up if they are struggling in any core course.

If you are still having trouble getting access, please come to our zoom room and Ms. Joe, Ms. Miller, and Mr. Thompson will be able to help you troubleshoot the process.

Spotlight on Staff

Ms. Da'Shalyn Barnes, Science Teacher

Welcome everyone! I'm Ms. Barnes; I am your science teacher!

This will be my third year teaching. I am from Cambridge, Maryland by way of Fez, Morocco. I graduated from Cheyney University THE FIRST HBCU. I have a 4 month old baby boy named Haveli and a 1 year old Rottweiler named Roxy. When I'm not spending time with my family I'm more than likely shopping.

*Thank you to all the students who are working hard on developing skills and eliminating learning loss from the pandemic!
Keep up the good work!!!*
